

Dear Exhibitors,

Here is your final confirmation for the SDTC trial On January 15th. The judging schedule is attached and will also be posted at sacramentodtc.org by Monday Jan. 9.

I cannot change or add any titles or spelling if dog or owner; it is the AKC number that is important!

This is the first time a trial has been hosted at this facility and it is a large trial. So, PLEASE be patient with the staff and your fellow exhibitors.

Parking

Good news - no parking fees.....There is plenty of parking on the north side of the building (behind the building).

Food

There is no food sold on site or in the immediate vicinity except for a gas station on the corner of Elder Creek and South Watt.

Crating indoors: Crating space is limited so no X-pens. Please remove any carts or extra equipment that cannot be stacked on top of your crate. Please follow instructions from the staff and, PLEASE, no unentered dogs in the building.

Warm-up ring: There will be a 30 X 30 (approximate) warm-up ring. Limit your time to 3-4 minutes and no unentered dogs please.

General directions.

If you are traveling on 80 or 50 - I suggest you take Watt Ave south, Turn RIGHT on Elder Creek and then RIGHT on Younger Creek Dr. The facility is just over the second speed bump on the right.

If you are traveling North 99 exit 47th Ave (249B) EAST this will turn into Elder Creek and then take a LEFT at Younger Creek Dr. The facility is just over the second speed bump on the right.
